Independent Auditor's Report

Board of Trustees
San Antonio Medical Foundation and SAMF Fund
San Antonio, Texas

We have audited the accompanying consolidated financial statements of San Antonio Medical Foundation and SAMF Fund (the Foundation), which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, the related consolidated statements of activities and changes in net assets, consolidated functional expenses and consolidated statements of cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2019 and 2018, and the changes in their net assets and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents, end of year	\$ 400,291	\$ 544,734

Non-Cash Transactions

In 2019, the Foundation donated a parcel of land and land improvements with a carrying value of \$206,518. Gain on fair value of donated land amounting to \$9,888,512 which is offset by the fair value of the donation expense amounting to \$10,095,030 were included in the consolidated statements of changes in activities and changes in net assets.

The accompanying notes are an integral part of these consolidated financial statements .

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

1. Organization Purpose and Summary of Significant Accounting Policies

Organization Purpose

The San Antonio Medical Foundation (SAMF) is a nonprofit foundation organized under the laws of the State of Texas and operated for charitable, scientific, and educational purposes. The mission of the Foundation is to improve health care, advance biomedical science, and enhance community well-being, by providing leadership and active stewardship of land and other assets.

SAMF Fund (Fund) is a nonprofit organization established in 2017 and was formed to support the charitable mission and purposes of SAMF. On January 1, 2018, certain real estate and investments were transferred from the SAMF to the Fund.

Basis of Presentation and Consolidation

The consolidated financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The consolidated financial statements include the activities of SAMF and the Fund (collectively, the Foundation). All intercompany transactions have been eliminated in consolidation.

Basis of Reporting

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and mission related activities.

Net Assets With Donor Restrictions - Net assets subject to donor (or certain grantor) imposed restriction. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is when the stipulated time has elapsed, when the stipulate purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, all highly liquid debt instruments with an original maturity of three months or less are considered to be cash equivalents. Cash and equivalents that are part of long-term investments are shown within investments in accordance with the Foundation's policy.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

1. Organization Purpose and Summary of Significant Accounting Policies (Continued)

Accounts Receivable

Accounts receivable represents amounts owed to the Foundation for leases. Management considers accounts receivable at December 31, 2019 and 2018, to be fully collectible; accordingly no allowance for doubtful accounts has been recorded.

Investments

Investments are recorded at fair value based on quoted market prices in active markets.

Fair Value of Financial Instruments

The Foundation's financial instruments consist principally of cash and cash equivalents and short and long-term marketable securities. The fair value of a financial instrument is the amount that would be received in an asset sale or paid to transfer a liability in an orderly transaction between unaffiliated market participants. Assets and liabilities measured at fair value are categorized based on whether the inputs are observable in the market and the degree that the inputs are observable. The categorization of financial instruments within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The hierarchy is prioritized into three levels (with Level 3 being the lowest) defined as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.
- Level 2 - Observable inputs other than prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

The Foundation believes that the recorded values of all the other financial instruments approximate their current fair values because of their nature and relatively short maturity dates or durations. See Note 4.

Property and Equipment

The Foundation follows the practice of capitalizing all purchases of land, land improvements and furniture and equipment in excess of \$1,000. Property and equipment are stated at cost if purchased, or at fair value at the date of contribution. Depreciation on land improvements is calculated using the straight-line method over the estimated useful lives of the assets, which range from 15 to 40 years. Depreciation on furniture and equipment is calculated using the straight-line method over the estimated useful lives of the assets, which range from 5 to 7 years. Land is held at estimated cost and no depreciation is recorded.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

1. Organization Purpose and Summary of Significant Accounting Policies (Continued)

Property and Equipment

The Foundation reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the assets. There were no indicators of asset impairment during the years ended December 31, 2019 and 2018, and accordingly, no impairment loss was recognized.

Contributions and Revenue Recognition

Effective January 1, 2019, the Foundation adopted Accounting Standards Codification (“ASC”) Revenue from Contracts with Customers (“ASC 606”), using the full retrospective method. This standard applies to all contracts with customers, except for contracts that are within the scope of other standards, such as contributions, leases, insurance, collaborative arrangements and financial instruments. The Foundation’s sources of revenue are out of scope of ASC 606 and as such no disclosure of the impact is applicable.

In June 2018, FASB issued ASU 2018-08, Not for profit entities (Topic 958), *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, to improve the scope and accounting guidance for contributions received and contributions made. This ASU, which is adopted by the Foundation using the modified prospective method, provided guidance in evaluating whether transactions should be accounted for as contributions or as exchange guidance subject to other guidance. This standard establishes that contributions received and made by the Foundation are nonreciprocal transactions, therefore, properly accounted for as a contribution and as such, there was no impact upon adoption of this standard.

The Foundation reports all contributions as without donor restrictions unless specifically restricted by the donor. Amounts received that are designated for future periods, or are restricted by the donor for specific purposes, are reported as with donor restrictions. Contributions are recorded as revenue upon receipt of the gift or receipt of an unconditional promise to give, whichever comes first.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, with donor restrictions net assets are reclassified to without donor restrictions net assets and are reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

In-kind contribution revenue is recognized for the value of certain ground leases, as explained in Note 8 to these financial statements. Lease and administrative fee income is recognized in the period earned, with any advance payments by tenants recorded as deferred revenue.

Functional Allocation of Expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the consolidated statements of activities and changes in net assets and consolidated statements of functional expenses. Accordingly, certain costs have been allocated between programs and supporting services benefited. The expenses that are allocated include depreciation and in-kind office rent which are allocated on a square footage basis, as well as compensation, promotion, special events and trustee meetings, which are allocated on the basis of estimates of time and effort. All other allocated costs are based on actual figures.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

1. Organization Purpose and Summary of Significant Accounting Policies (Continued)

Income Taxes

The SAMF and Fund are not-for-profit, Section 501(c)(3) organizations. The SAMF and Fund account for uncertain tax positions, when applicable, through the provisions of ASC 740-10-25. Under ASC 740-10-25, an organization must recognize the tax benefit associated with tax positions taken for tax return purposes when it is more-likely-than-not that the position will be sustained. At December 31, 2019 and 2018, no uncertain tax positions have been identified. The SAMF and Fund are no longer subject to tax examinations by tax authorities for the years prior to 2016. If applicable, interest and penalties related to uncertain tax positions will be recognized in income tax expense. For the years ended December 31, 2019 and 2018, the SAMF and Fund did not recognize any related interest or penalties.

Accounting Pronouncement Issued but Not Yet Adopted or Currently in Effect

Leases (Topic 842)

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*, to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The ASU is effective for the Foundation's fiscal years beginning after December 15, 2021 with early adoption permitted. Management is currently evaluating the impact of this ASU on its financial statements.

2. Concentration of Risk

The Foundation maintains multiple bank accounts at certain financial institutions in San Antonio, Texas. From time to time, certain account balances exceeded the Federal Deposit Insurance Corporation (FDIC) insured maximum. The Foundation monitors the credit worthiness of these financial institutions to avoid unnecessary exposure to risk. Cash at December 31, 2019 and 2018 exceeded the FDIC limit by approximately \$150,000 and \$300,000, respectively. The Foundation did not incur any losses associated with this risk.

3. Liquidity and Available Resources

Financial assets without donor or other restrictions limiting their use, and available for general expenditure within one year of statement of financial position date are comprised of the following:

Cash and cash equivalents	\$ 400,291
Investments held for operations	14,847,877
Less: Board designated reserves	(1,250,000)

Total financial assets available to meet cash needs for general expenditure within one year	\$ 13,998,168
--	---------------

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

3. Liquidity and Available Resources (Continued)

The Operating budget is approved annually by the Foundation's Executive Committee and Board. Adjustments to the budget during the year, if any, are also approved by the Executive Committee and/or Board. The Foundation regularly monitors liquidity to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. As a part of the Foundation's liquidity management plan, cash in excess of \$300,000, if not required in the immediate future, are invested in accordance with the Board policy. The Board has designated \$750,000 for operating reserves and \$500,000 for mission related activities.

Annual income for SAMF comes primarily from long-term ground leases to mission-related entities and contributions. Ground leases have Consumer Price Index adjustments built in to stay current with inflation.

The Foundation's endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment fund are not available for general expenditures. See Note 14.

4. Investments

At December 31, the fair value of investments, which are shown as investments held for operations and investments held in perpetuity in the consolidated statements of financial position, were as follows:

	2019	2018
Money market funds	\$ 1,020,438	\$ 397,099
Mutual funds	9,076,978	7,411,500
Corporate bonds	4,536,746	4,196,719
Municipal bonds	1,387,369	1,095,578
US treasury/agency securities	-	144,432
Total	\$ 16,021,531	\$ 13,245,328

5. Fair Values of Financial Instruments

In accordance with the fair value hierarchy described in Note 1, the following tables show the fair value of the Foundation's financial assets that are required to be measured at fair value as of December 31:

2019	Level 1	Level 2	Level 3	Total
Money market funds	\$ 1,020,438	\$ -	\$ -	\$ 1,020,438
Mutual funds	9,076,978	-	-	9,076,978

Net Land Improvements	\$ 2,016,898	\$ 2,223,016

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

6. Land and Improvements (Continued)

In December 2019, the Foundation donated a parcel of land and land improvements with carrying value of \$206,518 which had an appraised value of \$10,095,030. The gain on the donated land amounting to \$9,888,512 was determined based on the level 3 input appraisal report. The gain and corresponding donation expense of \$10,095,030 were included in the consolidated statements of activities and changes in net assets.

In February 2018, the Foundation sold a parcel of land with carrying value of \$19,554. Gain on sale recognized in the consolidated statements of activities and changes in net assets amounted to \$5,446.

In 2018, the Foundation disposed of a parcel of land with carrying value of \$31,756. Loss on disposal recognized in the consolidated statements of activities and changes in net assets amounted to \$31,756.

7. Furniture and Equipment

At December 31, the Foundation had the following furniture and equipment:

	2019	2018
Furniture and fixtures	\$ 10,163	\$ 10,163
Equipment	24,871	22,571
Trail exercise equipment	61,657	61,657
Total Furniture and Equipment before Depreciation	96,691	94,391
Less: Accumulated depreciation	(91,540)	(86,118)
Net Furniture and Equipment	\$ 5,151	\$ 8,273

8. Fair Value of Leases in Excess of Lease Rates

The Foundation arranges for leases of its property to organizations serving the San Antonio and South Texas community that strengthen the Medical Center. The Foundation records the economic benefit from these leases based on the appraisal reports prepared by real estate appraisers. These amounts estimate the fair value of the contributed leases. The value of these leases, in excess of lease rates charged for the years ended December 31, 2019 and 2018, totaled \$2,340,250 and \$2,341,977, respectively, which is included in fair value of leases in excess of lease rates account in the consolidated statements of activities and changes in net assets. The estimated value of the leases is revalued every five years at its fair value.

9. Office Lease

The Foundation pays no rent for its office space but recognizes the fair value of the rent as in-kind contribution income and as in-kind office rent expense. These amounts totaled \$49,503 in 2019 and \$49,750 in 2018, which is included in in-kind office rent account on the consolidated statements of functional expenses.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

10. Leases to Others

In addition to leasing its land to various nonprofit institutions at nominal cost to the lessee, the Foundation leases a portion of its land to commercial businesses (some of which are medically affiliated).

The lease agreements contain minimum annual rental payments, with some leases having periodic adjustments based on the consumer price index. One lease generates additional lease payments based on a percentage of sales above a certain threshold. The leases vary in duration from month-to-month to 30 years, with most having renewable options. Some permit and zoning costs incurred by certain tenants during construction are refunded to the tenants by credits against future rental payments.

Approximate minimum payments to be received under non-cancelable long-term operating leases for the next five years, net of refundable credits, are as follows:

2020	\$ 1,107,127
2021	1,107,127
2022	1,107,127
2023	1,107,127
2024	1,107,127

11. Contingencies and Commitments

On July 1, 2002, the Foundation entered into an Infrastructure Participation Agreement (the Agreement) with the Medical Center Alliance for the purpose of planning and managing capital improvement initiatives within the Medical Center. The Agreement had a term of two years and automatically renews unless terminated. A two-year advance notice is required for termination of the Agreement. In 2019 and 2018, the Foundation paid \$100,000 per year under the Agreement. Future maximum assessments under the Agreement total \$100,000 in 2020.

In 2019, the Foundation set up the Jim Reed Scholarship Fund (Scholarship Fund) whereby the Foundation collects contributions on behalf of the Scholarship Fund. During 2019, the Foundation collected approximately \$76,000 which is included in contributions account on the consolidated statements of activities and changes in net assets. In 2019, the Foundation donated \$126,400 to UT Health San Antonio through the funds collected for the Scholarship Fund which includes a \$50,000 donation of the Foundation to the Scholarship Fund. This included in the other program expenses on the consolidated statements of activities and changes in net assets and consolidated statements of functional expenses. The Foundation has no future commitments to the Scholarship Fund other than collecting and remitting contributions on its behalf.

In 2015, the Foundation conditionally committed to fund up to \$200,000 (to be paid in increments of \$100,000 or \$50,000 over a period of three years to the Ecumenical Center to be used for the meditation garden and future stages of outdoor therapy areas and spaces. The payments of these grant amounts were contingent upon the Ecumenical Center raising matching funds. As of December 31, 2018, the conditions were met and the Foundation recorded \$50,000 in expenses, which is included in the other program expenses on the consolidated statements of activities and changes in net assets and also on general grants expenses on the statements of functional expenses. The three year agreement has been fulfilled as of December 31, 2018.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

11. Contingencies and Commitments (Continued)

In 2016, the Foundation committed to fund up to \$135,000 (to be paid in increments of \$45,000) over a period of three years to the Ronald McDonald House to be used for construction of certain amenities. In 2018, the Foundation paid \$45,000, reducing the grants payable account in the prior year to zero. The three year agreement has been fulfilled as of December 31, 2018.

The Foundation has a line-of-credit with Broadway National Bank for \$3,000,000. The line-of-credit is renewed annually with interest payments due monthly. The expiration date and interest rate will be determined at the time the line-of-credit is used. The Foundation had no balance outstanding on the line-of-credit at December 31, 2019 and 2018.

12. Employee Retirement Plans

The Foundation has a simplified employee pension plan (the Plan) available to employees who are at least 18 years old and have completed six months of service. The cost of the Plan to the Foundation is a percentage of annual compensation as agreed to by the Board of Directors. Plan expense was \$36,491 and \$39,537 for the years ended December 31, 2019 and 2018, respectively, which is included in general and administrative account on the consolidated statements of activities and changes in net assets.

The Foundation sponsors a 403(b) defined contribution plan. Contributions are made by the employees only and, therefore, there is no contribution by the Foundation.

13. Net Assets with Donor Restrictions

Net assets with donor restrictions were available for the following purposes at December 31:

	2019	2018
Program activity	\$ 667,399	\$ 491,171
Endowment restricted in perpetuity	506,255	506,255
Total Net Assets With Donor Restrictions	\$ 1,173,654	\$ 997,426

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose, by the occurrence of events specified by the donors, or by a change in the restrictions specified by the donor. Amounts released from donor restrictions were as follows at December 31:

	2019	2018
Satisfaction of program restrictions	\$ 35,000	\$ 35,765

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

14. Endowment Funds

General Information

At December 31, 2019, the Foundation maintains approximately \$1,173,654 of endowment funds established for community healthcare needs. These endowments consist of both donor-restricted endowment contributions and accumulated earnings on those funds. The donor-restricted endowment funds fall under the provisions of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA), which was adopted by the state of Texas with an effective date of September 1, 2007. This policy defines the Foundation's interpretation of the provisions of this law as they relate to the prudent management of its endowment fund.

Background

In July, 2006, the Uniform Law Commission (ULC) approved UPMIFA as a modernized version of the Uniform Management of Institutional Funds Act of 1972 (UMIFA), which governed the investment and management of donor-restricted endowment funds by not-for-profit organizations. The major change of the new law is that UPMIFA prescribes new guidelines for expenditure of a donor-restricted endowment fund when there are no explicit donor stipulations. These guidelines require the organization to determine what constitutes prudent spending based upon consideration of the donor's intent that the endowment fund continues permanently, the purpose of the fund, and relevant economic factors. UPMIFA emphasizes the perpetuation of the purchasing power of the fund, not just the original dollars contributed to the fund.

Although UPMIFA does not require that a specified amount be set aside as principal, it assumes that an organization will preserve "principal" by maintaining the purchasing power of amounts contributed and will spend "income" by making distributions using a reasonable spending rate.

Endowment "Principal" Interpretation

The Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions the original value of gifts donated to the endowment in perpetuity (the Principal). The remaining portion of the donor-restricted endowment fund that is not classified as held in perpetuity is classified as non-operating or without donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

Endowment Investment Objectives

Endowment investments were managed by USAA Trust Services beginning July 2014 through July 2016 at which time all investments were moved to Fidelity, which was approved by the Board of Trustees of the Foundation in order to more appropriately align the investment mix with the Foundation's investment policy.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

14. Endowment Funds (Continued)

Endowment "Income" Appropriation (Spending Policy)

The Foundation accrues capital appreciation or depreciation (realized and unrealized gains or losses) on endowment investments. Earned investment income (i.e. dividends and interest) is generally appropriated.

When the fair market value of the fund exceeds the amount restricted in perpetuity, up to 5% of the fair market value may be appropriated in any year. This is calculated on the basis of market values determined at least quarterly and averaged over a period of not less than three years immediately preceding the year in which the appropriation for expenditure is to be made. These funds may only be appropriated and distributed in accordance with donor use restrictions.

In accordance with UPMIFA, in all its endowment spending activity, the Foundation will consider the following factors in making a determination to appropriate (spend) or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic and investment market conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation, and
7. The investment policies of the Foundation

Endowment Net Asset Composition by Type of Fund as of December 31, 2019

	Without Donor Restrictions	With Donor Restrictions	Total
Donor-restricted endowment funds	\$ -	\$ 1,173,654	\$ 1,173,654

Changes in Endowment Net Assets for the Year Ended December 31, 2019

	Without Donor Restrictions	With Donor Restrictions	Total

Appropriations of endowment assets for expenditure	-	(35,765)	(35,765)
Endowment Net Assets, End of Year	\$ -	\$ 997,426	\$ 997,426

15. Subsequent Events

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

There has been no immediate impact to the Foundation's operations. Future potential impacts may include disruptions or restrictions on our employees' ability to work or the tenants ability to pay the required monthly rent as a result of business disruption or other pandemic related issues.

As of the date of this report, the Foundation's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the fair values of the Foundation's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

San Antonio Medical Foundation and SAMF Fund

Notes to Consolidated Financial Statements

15. Subsequent Events (Continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Foundation's financial condition, liquidity, and future results of operations.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act (the "Act") was enacted. The CARES Act is an approximately \$2 trillion emergency economic stimulus package in response to the Coronavirus outbreak, which among other things contains numerous income tax provisions. Some of these tax provisions are expected to be effective retroactively for years ending before the date of enactment. The Foundation is currently evaluating the implications of the Act and its impact on the financial statements and related disclosures has not yet been determined.

In preparation of its financial statements, the Foundation has evaluated the events subsequent to December 31, 2019 through June 10, 2020, the date the financial statements were available to be issued.
